

The Management Committee for St Bees Village Hall (Hodgetts)

is thrilled to report that we were awarded a Lottery Community Fund Local Connections grant recently and that as a result the hall now has a Wi-Fi internet connection for the use of all hirers. What's more, we also have a large smart TV screen on a trolley which can be used to live stream events, and can also be used for shows both within the hall or, using the hirer's own laptop/ phone or the hall tablet, to stream events in the hall out to other folk watching from the comfort of their own homes!

Pass the word round!

It's a brilliant thing to have and it brings the hall into the 21st century. We are very grateful indeed to the National Lottery Local Connections Fund for their support in helping us to help St Bees keep connecting.

Because of Covid-19 restrictions we cannot open for most events until mid-May, but that doesn't stop you all planning what you want to do later on in the year!

For any enquiries or bookings please contact Val Turpin on 823772 or troton@btinternet.com

Oh, and did we also mention that we now have lovely new toilets and a new boiler? ?
